The Utah Procurement Code provides that a procurement may be made without competition when there is only one source for the required supply or service. Therefore, a “sole source” procurement is justified if there is only one product or service that can reasonably meet the district’s need and there is only one vendor who can provide the product or service.

Wasatch Integrated Waste Management District is giving notification to make the following sole source procurement.

Product and/or service to be purchased: SERVICE FOR BOILER FEED PUMP AND TURBINE
Proposed Sole Source Supplier: SULZER PUMPS SERVICES (US) INC.

Sole Source Justification: The most important consideration is compatibility of service for multiphase pumps and turbine systems.

If for any reason any party does not agree with the proposed sole source procurement, please email Todd Quinley, Purchasing Manager, at toddq@wiwmd.org.
